

UPGRADE TO THE LAWMASTER CLOUD

LawMaster technology is the most intelligent and feature-rich purpose built solution for Law Practices on the market today.

However, many Law Firms operate traditional in-house software systems, where they continue to invest in the infrastructure and personnel to support their IT Systems.

Upgrading to LawMaster offers you choice. Let us host your LawMaster technology in the cloud and access your LawMaster anywhere, anytime!

Reap the many benefits of the 'cloud'...

- 
-  Australian based cloud hosting on secure Microsoft's Azure services
 -  State of the art redundancy so your data is always safe and always available
 -  No need to worry about upgrades, backups or database maintenance plans, all of this is taken care of for you
 -  No ongoing investment in server hardware for your database
 -  No SQL licencing or annual database maintenance costs
 -  Quicker access for general troubleshooting support through the LawMaster Helpdesk

Are you ready to Upgrade to the LawMaster Cloud?

Call your Account Manager for further information. LawMaster Cloud...the intelligent choice!

"Thanks to LawMaster. Their cloud hosting solution allows us to work remotely with instant access to all the information we need."

Bob Condon, Principal Solicitor and Owner, Terra Firma Law
